REVISED REGULATIONS

School Boards are not permitted to make the sale of school books a source of revenue. The Department of Education extends the privilege of a discount to School Boards on the understanding that the Board in turn passes the saving on to the student.

A discount of 15 per cent will be given only on the following conditions:

That books ordered by a School Board are to become the property of the school;

OR

That a School Board purchasing with the intention of reselling to the student, guarantee that he receive full benefit of the discount, that is, list price less 15 per cent as extended to the Board.

REGULATIONS GOVERNING DISCOUNT AND TRANSPORTATION

- (a) On an order amounting to less than \$10.00, postal charges will be prepaid by the School Book Branch. List prices will prevail with no discount allowed.
- (b) On an order amounting to at least \$10.00 yet under \$50.00, a discount of 15% will be given but postal or express charges will be additional to the net cost of the books. For the convenience of school boards and teachers, the consignment will be forwarded prepaid but transportation charges will be added to the net value of the invoice.
- (c) An order of \$50.00 or more will receive the standard 15% discount. Provided that the books are to be consigned in one bulk shipment to the divisional office or to the individual school district, transportation charges will be prepaid by the School Book Branch. If it is requested that an order of this size be packed in separate units for more than one school district and consigned as one order to the divisional office, transportation costs will be added to the discounted value of the books.

(d) AUTHORIZATION FOR DISCOUNT and CHARGE

1. The contract on the outside front cover of this requisition must bear the signature of either the Secretary-Treasurer or the Superintendent, if a discount is to be granted. This ruling holds for cash as well as charge orders.
2. Teachers are not empowered to charge orders to district or divisional accounts. Charge requisitions must be signed by the Secretary-Treasurer or the Superintendent concerned.
3. Members of local boards for school districts within divisions are not authorized to charge orders to divisional accounts.

It should be noted that the 15% discount extended to school boards is equivalent to the wholesale rate given to book dealers who purchase supplies from the School Book Branch. The revised schedule has been drawn up with the object of offering school boards the lowest possible prices under existing circumstances.
